MD LABIB ALAM

(+91) 8100494661 / Labib.Alam@outlook.com / LinkedIn / GitHub

OBJECTIVE

Driven by a passion for technology and innovation, I seek a role within a progressive organization where I can utilize my proficiency in DSA with Java, website development, front-end design, and version control. I aspire to contribute to a collaborative team focused on the company's continuous success and advancement.

EDUCATION

Techno International Batanagar   Kolkata, WB
Bachelor of Technology in Computer Science and Engineering, CGPA – **8.43**   *Oct. 2021 – Present*

Lalit Mohan Shyam Mohini High School (H.S)   Malda, WB
Class 12 (WBCHSE), **74.4**%   *2019*

Ramakrishna Mission Vivekananda Vidyamandir   Malda, WB
Class 10 (WBBSE), **80.85**%   *2017*

PROJECTS

Personal Portfolio / *HTML, CSS, JavaScript, GitHub*
- Gained hands-on experience in website development, front-end design, and version control, enhancing both technical and project management skills.
- Achieved improvement in site performance, increased user engagement with a mobile-friendly design, and streamlined content management.
- Developed interactive features and animations to enhance user experience.
- Utilized Git and GitHub for version control, ensuring efficient collaboration and code management.
- Created custom CSS frameworks to maintain consistent design patterns across the site.

Blog Website / *HTML, CSS, JavaScript, GitHub*
- Developed a responsive front-end design to ensure compatibility across various devices.
- Implemented user-friendly navigation and interactive elements to enhance the user experience.
- Focused on optimizing performance and accessibility, resulting in improved load times and user engagement.
- Leveraged modern CSS frameworks and JavaScript libraries to create visually appealing layouts.
- Designed and integrated a commenting system to increase user interaction and engagement.

ACHIEVEMENTS

- Ranked in the top 5 in an intercollege project competition, demonstrating strong technical and presentation skills.
- Successfully completed a comprehensive web development course, gaining expertise in front-end and back-end technologies.
- Completed a Data Structures and Algorithms (DSA) course in Java, enhancing problem-solving abilities and coding proficiency.

TECHNICAL SKILLS

Languages: Java, C, SQL (MySQL), JavaScript, HTML, CSS
Frameworks: Tailwind CSS, React (Pursuing)
Developer Tools: Git, VS Code
